HOMESICK

- 17 -

Do you have any idea what's happening outside?
I don't care about what's happening outside! Focus on why we're doing this.
I agreed to kill him. I don't want to mess around playing games!
He has my daughter's leg, Tom! That monster stole my daughter's leg!
Did your father really do this?
Did your father really kill my mother?
...yes. My father kidnapped her and amputated her arm. She died from shock during the process.
.....
it was probably painful right?
I'm not sure. It happened before I was created. I'm sorry...
... It's not your fault Don't apologize.

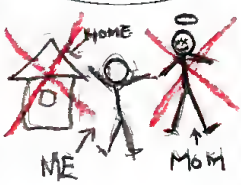
... No. It's my fault.

And I will do anything to receive your forgiveness
SURGERY

Listen, you didn't do anything wrong.
Why do you seek forgiveness?
The villain is your father, not you
But my father disappeared.

...And the victims

The victims are here but not the villain. Then how are the victims supposed to be comforted?

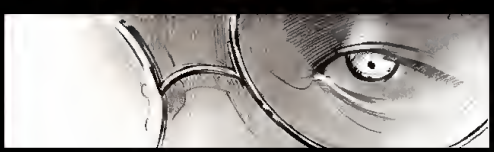


.....

Ms. Collins.
I am the proof of my father's sins.
The families of everyone here was hurt because of me.
You deserve my apology.

I'm sorry.
I'm sorry about your mother, too.

.....



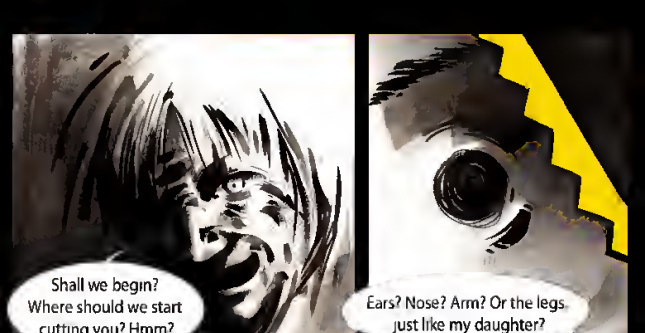
My mother was an alcoholic and a drug addict. She beat me every day.

She then sold me to a bar, because of those damn drugs.

.....

You don't have to apologize
And I don't need to forgive you
I just...wanted to know how
my mother died. That's it

Collins! Not yet?
It's all ready.
Let's begin



Shall we begin?
Where should we start
cutting you? Hmm?
Ears? Nose? Arm? Or the legs
just like my daughter?

CLANK

Release him
or I'll blast a hole
through your friend

To be continued...
